

JACK THYSENS

EDUCATION:

Bachelor of Science – Construction Management – Colorado State University, Fort Collins, CO, 2012

WORK HISTORY:

2020-Present:

Consultant – The Sage Group, Inc. – Denver, CO

Provide consulting and expert services on construction claims.

2018-2020:

Senior Consultant – FTI Consulting – Denver, CO

Provide claims analysis and review as well as support for arbitration and mediation proceedings. Prepared and refuted expert reports for scopes involving work stoppages, quality discrepancies, additional staffing and cost forecasting. Helped support a successful counterclaim of a 675 MW powerplant for an award of \$33 million. Completed takeoffs and estimates of various projects in North America to dispute or defend claimed quantity costs. Helped prepare affirmative and rebuttal expert reports to assist in Arbitration.

2016-2018:

Assistant Project Manager – Martines Palmeiro Construction – Denver, CO

General management, coordination and oversight of complex zero lot line projects, responsibilities including contract negotiation, trade interviews, schedule review and adaptation, MEP BIM coordination, submittal and pay application review. Managed the construction of a \$50 million residential apartment complex from infancy to grave. Key member of the construction of a \$42 million residential apartment complex.

2015 - 2016:

Project Engineer – Bryan Construction – Denver, CO

Created a cloud-based system to organize and manage the company project portfolio. Managed the live CM system for all trades and document communication.
