

## **SARAH E. THOMAS**

### **EDUCATION:**

Bachelor of Science, Engineering, 2017, James Madison University, Harrisonburg, VA

### **PROFESSIONAL AFFILIATIONS:**

Engineering in Training Certification (EIT), Virginia

Society of Women Engineers

MadE Engineering Leadership Council

### **WORK HISTORY:**

#### 2020-Present:

Data Analyst – The Sage Group, Inc. – Denver, CO

Analyze data from construction and engineering projects. Develop trend charts, analytical presentations and data summary reports. Support construction project estimating, schedule analysis and project performance assessment on construction claims and client analysis.

#### 2018-2020:

Engineering Assistant – Western Industrial Contractors – Aurora, CO

Provided home-office engineering support during field installation and construction operations. Coordinated component and installation drawings, engineering packages, installation guides and field engineering documents. Supported engineering design with AutoCad.

#### 2017-2018

Account Manager & Sales Trainer – Atlas Consulting – Littleton, CO

Recommended fiberoptic technology solutions to costumers aligning products to customers needs. Developed and presented technology options for technical decision makers (large and small organizations). Trained new employees on fiber optic products.
